Lincoln County Man Describes The Murder as he Saw it.

Several Lincoln county men who were in Richmond, Monday, which the baptismal ceremony, was court day there, saw the killing For a while the report was current here that the man killed was former Senator George Farris, of Lancaster, who is now special messenger for Governor McCreary at Frankfort. But this report was soon found to be untrue.

Wm. Maupin, of the Dripping Springs section, and who says he is a second cousin of the man who did the killing, returned to Stanford from Richmond on the 2:40 train, and gave a full description of the unfortunate affair, of which he was an eye witness. He said that he did not personally know Brack Maupin, but knew him to be his cousin. He described the tragedy to a group of interested listeners when he got off the train here. Mr. Maupin

"I was standing near the livery stable just this side of the court house, when I heard Brack Maupin, who was standing near me, say There he goes now, I guess this is about as ood a chance as I will have to get him'. With this re-mark, he ran his hand into his hip pocket and pulled out a pistol, first breaking it to see if it was loaded. He walked up behind the man who. was afterward told, was named Farris, and jerked him around. Farris threw up his hands and exclaim-

MRS. LANE FINED \$300

Danville Woman Who Killed Her Husband Gets Off Easy.

Danville, Ky., Oct. 5 .- The jury trying Mrs Helen Lane for the killing of her husband brought in a verfine of \$300 against her. Guilty of manslaughter was the verdict re-

turned by the jury. Lane secured a divorce from a former wife at Somerset on the morning before the killing, and the killing and the trouble that led to his death came up over the discovery of the Mrs. Lane at Somerset on the part of Mrs. Lane in Danville. Nine of the jurors stood for acquittal and three for a penitentiary sentence at first.

Mrs. Lane told her story on the stand Friday night. In an effort to support herself when she first came to Danville, she had sold silverware about the city, canvassing from house to house. Later she rented the little cottage on Beatty avenue near Beddow's restaurant and engaged in taking roomers as a means of earning a living. Last April Charles Lane took a room with her. He soon proceeded to make love to his landlady, and in June they were united in marriage in Lexington.

All the while Lane had another wife at Somerset, to whom he was married eight years ago and with whom he lived only two days. She filed suit for divorce upon his marriage to his last wife and when the sheriff of Boyle county served a summons on him to appear in the Pulaski circuit court, he told his last wife that he owed some old 33,750 costs at Somerset and would have to go there and settle same. While 30,400 there his Somerset wife secured a 30,050 divorce.

Upon his return to Danville he told Mrs. Lane they would have to 23,900 be married again. He further told 21,750 her that he had just gotten a divorce 15,200 from his other wife at Somerset and 13,800 that as a matter of fact they had 10,100 never been legally married. 10,000 enraged Mrs. Lane and she declared Josie Walker 11,000 she would take her marriage certificate to Lawyer Harding and see cursed and abused her, according to her story, and threatened to kill her. Both Mrs. Lane and Mr. Lane used very vile epithets. She claimed that she was compelled to kill Lane to save her own life and to protect her honor and virtue.

practical political life. Woodrow Wilson is not among the great majority of politicians and business men, otherwise estimable characters, who believe that the end justifies the means, who are honest in a commercial or political sense. "anything to win," but he insists on plain old fashioned honesty in every detail of his campaign. Woodrow Wilson proposes to win on the merits of his candidacy and platform or not at all. "Clean hands or no fight" is Wilson's ultimatum to his supporters throughout the country.

No Tainted Money For Wilson

Not a dollar of questionable money will be spent to elect Woodrow Wilson.

The Democratic National Committee is heart and soul in accord with the candidate's views. And the corrupting influences, with no political faith, casting about to win a foothold in the new government with bribes of ill-gotten gains, have despaired of reaching Wilson or his campaigners. The Progressive People of the country, if they get together, can buy and sell the Corrupting Influences destroy their financial power.

So Woodrow Wilson and his managers believe that not only is it the only clean method but the most practical method for the Progressive People of the country to supply the Woodrow Wilson Campaign Fund.

The People to Fight With THEIR Dollars

This year a popular president is to be elected with the People's money.

The Woodrow Wilson Campaign Fund is to be collected from the rank and file of the Progressive Voters The bills of the Democratic National Committee are to be paid, not with the thousands of the Interests,

but with the individual dollars of the earnest, eager voters who desire clean, efficient government and who are willing to help Wilson as he wants to be helped.

Money thus needed is not spent in improper ways or in any manner similar to the way in which the funds of the Interests are disbursed.

But we have to tell the voters of the country about Woodrow Wilson. We have to tell them what he has done. We have to tell them what he stands for. We have to point out to them the important planks in his platform. All this means that to hold up our end we will be obliged to spend as much money as those who oppose us.

This means that every man or woman who believes in Wilson should be willing to contribute to his cause. Let the supporters of Wilson help us to spread the Wilson gospel to the four winds.

Let the Progressive Voters battle this year with their pocketbooks as well as their ballots.

We Solicit Popular Subscriptions—Can You Give From \$1 to \$20?

Of course, you can—and you are glad to support the cause in this way.

Practically every voter can afford to give \$1 to aid the Wilson Campaign. A great many can give \$2. A great many can give \$5. And there are lots and lots of progressive voters who will be eager to donate from \$10 to \$20.

These are the kind of contributions we want.

And we will be proud to receive from thousands, who can only afford \$1, their \$1 contributions. We want to hear from every man who has a dollar to give.

This year the man with the dollar must defeat the government traducer who spends his thousands.

If you know many Wilson men, if you work among many Wilson men, head a list with your name and money and get the others to join you with their subscriptions.

Then send your list with the money to C. R. Crane, Vice Chairman, Finance Committee, Democratic National Committee, 900 Michigan Avenue, Chicago, Illinois.

No loyal Wilson man can do more than this to assure Wilson's victory at the polls in November.

Pendergrass, Ga.—Mrs. Della Long, of this place, in a recent letter, says: "For five or six years, I suffered agonies with womanly troubles.

Often, I couldn't sit up more than a few minutes at a time, and if I stood on my feet long, I would faint.

I took Cardui, and it helped me immediately. Now, I can do my work all the time, and don't suffer like I did."

Take Cardui when you feel ill in any way—weak, tired, miserable, or under the weather. Cardui is a strength-building tonic medicine for women.

It has been found to relieve pain and distress caused by womanly troubles, and is an excellent medicine to have on hand at all times.

Cardui acts on the womanly constitution, building up womanly strength, toning up the nerves, and regulating the womanly organs.

Its half century of success is due to merit. It has done good to thousands. Will you try it? It may be just what you need. Ask your druggist about Cardui. He will recommend it.

COMMON SENSE!

To use good judgment in business we know means success. We believe Stanford and Lincoln County will support a live Ladies' Ready-Made Garment Department in our store, and in order to do this we must have your patronage. The advantages are not all ours, as 'tis quite a convenience to have brought to your door the most exclusive styles of the New York makers and at prices less than cities and larger towns ask. We have many exclusive garments that we buy only one of and will not duplicate, that the buyer will not fear seeing the same garment on the street. Our selections are from a number of makers and the line is as varied as one could ask. We want you to come and look as many times as you like. You don't have to hurry (and repent a season) but take the garment home, inspect it carefully; keep it if you like, return it if you don't like it.

Our object is not to sell you once but to make you a loyal customer by being loyal to you in regard to the quality

we offer and the prices we ask.
